Please provide your comments on the proposed project in the space provided below:

I-028-001

- The View of Visitors Arriving from Loveta Pass is one that is dominated by Blanco Peak - A Power Line in that view would be very visible to people coming to see "Colorado's Big mountain". Putting it to the South of 160 is best of the TWO options -

I-028-002

- The mountain is very special to residents, native peoples (Apache / Navajo) & keeping it open view would be best
